## VESSEL ACCUSED OF RUM RUNNING SUNK AND CREW ARRESTED

Member Of Crew Is  
Dead; Guardsman  
Is Injured

PASCAGOULA, Miss., March 23.—The crew of the British auxiliary schooner I'm Alone of Belize was being taken to New Orleans in irons today aboard the coast guard cutter Dexter which fired upon and sank their schooner yesterday in the belief that it was a rum-runner.

Some members of the crew were reported to have been taken aboard the Walcott, a sister ship which took part in the thrilling chase in the gulf of Mexico, ending in the sinking of the British ship.

Arriving at New Orleans, the Dexter and the Walcott will deliver their prisoners to custom officials who probably will charge them with rum running.

One man, a Negro, lost his life in the sinking of the I'm Alone but coast guardmen did not know whether he had been struck by artillery or drowned. A member of the Dexter's crew received a broken arm when struck by the recoil of his gun.

WASHINGTON, March 23.—Word that coast guard craft had sunk the British ship I'm Alone off the Louisiana coast late yesterday was received by Rear Admiral Frederick C. Billard, commandant of the coast guard here.

Admiral Billard said he had been advised of the incident by Capt. A. L. Campbell, of Mobile, Ala. The message from Campbell did not indicate what craft was involved but Billard said he thought either the cutter Walcott or the Dexter sunk the I'm Alone.

"Campbell said the I'm Alone was sunk while resisting arrest," Billard said. "I know the ship well. She is the worst and most notorious rum runner in the business. She has been in many brushes before with our guards. This time she ran against them once too often."

Billard said he expected a more complete report on the sinking late today.

## ALLEGED FORGER IS PERMITTED PAROLE

Pleading guilty to an indictment for forgery, Leonard Lynch, 22, was sentenced to from one to twenty years in the Ohio State Reformatory at Mansfield and then paroled in the custody of Joel Lynch, 520 Westwood Ave., Dayton, O., by Common Pleas Judge R. L. Gowdy Friday.

Judge Gowdy suspended the sentence upon Lynch's promise to pay the costs, attorney fees and make restitution to the First National Bank of Osborn. The indictment accused him of passing a worthless check for \$150. The check was made payable to himself and bore the purported signature of "Roy Margart."

## CONVICT WILLIS OF EMBEZZLING

FINDLAY, March 23.—Counsel for Ralph C. Willis, who was convicted here late yesterday of embezzling \$50,000 from the Bank and Savings Company at Arcadia, near here, were expected to file a motion for new trial today.

The court has deferred sentence and Willis is at liberty under \$10,000 bond pending filing of the motion. The jury deliberated about two hours. Willis was the third person to face the court on charges growing out of the bank's collapse. During his trial it was brought out that he gambled in grain futures in Toledo with the bank's funds.

YOUNGSTOWN, O., March 23.—Assistant Fire Chief Harman Steinforth sustained a broken rib and a sprained right wrist last night in battling a fire at the warehouse of the Peoples' Furniture Co., here. The fire caused damage estimated at \$37,000.

## ARE RICH MEN HAPPY?

Secretary Of Treasury Mellon Says Happiness and Wealth Go Hand In Hand

(Editor's Note: Are rich men happy? The United Press asked this question of the man who is rated as one of the wealthiest in the country, a man who after reaching one of the most powerful positions in the business world, took his first public office at the age of 66 and served under three administrations, achieving a degree of prestige second only to that of the president of the United States. On the eve of Secretary Mellon's 74th birthday the United Press correspondent found him in a philosophical mood. Here, for the first time in print, Mr. Mellon, out of his ripe age and experience, reflects upon the age-old quest of man for happiness.)

"A man, who knows money and finances who has made it his life's work, builds up a great fortune and is happy for he also has achieved the thing he set out to do—and he is happy."

"The knowledge of achievement is the knowledge which brings happiness—as we know the meaning of the word."

"Have you been happy, Mr. Secretary?" he was asked. "If you had your life to live over again, would you change it?"

"I have been happy in New York," Mellon replied.

"Will there ever be a time when wealth will be more evenly divided than it is now?"

"Great fortunes are inevitable under the present system of our existence," Mellon answered. "We will always have poor people, people of moderate means, wealthy people and people of immense wealth."

"It is as impossible to change the present distribution of wealth as it is to cause the earth to stop revolving."

"Heredity determines to a great extent man's position in life. Some men are destined before they are born to be great financiers, great writers or great in other lines of endeavor."

"Wealth has its responsibilities—more so than the average person realizes every man cannot handle it. It requires years of training. Wealth handled correctly brings happiness, otherwise—"

Mellon dropped off into silence.

Yet for Mr. Mellon, wealth must have brought poignant moments. This seemed to be indicated in a conversation he had with Rep. James Frear, of Wisconsin, who visited the secretary of treasury a few years ago at Christmas time.

"Mr. Mellon appeared tired and lame," Frear related.

"I remarked to him I had just been out purchasing Christmas presents for my family and the secretary smiled, a sad smile."

"Happiness—wealth, . . . ." he mused. "Yes, they can go hand in hand."

Smoke from the small, slender cigar—typical of Mellon—curled upward in a blue spiral. He turned his chair.

"You might as well say there is no happiness in achievement as to say there is no happiness in great wealth," he said. "You might as well say there is no happiness in travel or in a change from your every day surroundings as to say there is none in building a great fortune."

"Mr. Mellon appeared tired and lame," Frear related.

"I remarked to him I had just been out purchasing Christmas presents for my family and the secretary smiled, a sad smile."

"Happiness is here," he said, and touched his heart. "It is here and in achievement."

His words came hesitatingly. The man who would not falter for words in giving an order involving millions of dollars, groped to express his thoughts on a subject which he has seldom, if ever before

## PARNASSUS MINE DEATH TOLL NOW 44; THREE PROBES START

PARNASSUS, Pa., March 23.—While rescue workers continued their search for four men still unaccounted for in Thursday's explosion at the Kinloch mine of the Valley Camp Coal Co., three investigations into the blast which caused forty-four known deaths were begun today.

The investigations are being conducted by Daniel J. Harrington, chief engineer of the United States Bureau of Mines; J. F. Harlan, coroner of Westmoreland County, in which the mine is located; and Walter H. Glasgow, state secretary of mines.

It is generally believed that the disaster was caused when a conveyor chain in the tipple at the mouth of the mine broke. After the chain broke, tons of coal and steel fragments of the chain fell to the bottom of the slope, which forms the mouth of the mine.

A mixture of coal dust and air, which formed at the bottom of the slope, is said to have ignited from a spark by the falling steel fragments and the explosion resulted.

The investigations were started for the purpose of determining what caused the conveyor chain to break.

Three fires which burned for several hours in the wrecked mine were extinguished after daybreak by Parnassus and New Kensington firemen. The fires broke out in butte No. 4, a quarter of a mile from the tipple entrance.

The investigation was carried into the mine by the firemen and rescue workers to extinguish the flames, which had broken out in the debris, hindering rescue work.

State mine inspectors said more

fires are expected from the smouldering coal which was ignited by the explosion of gas.

Although the mine is now clear of poisonous gases, there is little likelihood that any of the missing men will be found alive, according to J. Ira Thomas, deputy state mine inspector.

Of the forty-four bodies brought to the surface, one remains unidentified. Funeral services for several victims are to be held today.

Columbus Kroger Store

Wrecked By

Blast

COLUMBUS, O., March 23.—Three men were seriously injured when a gas explosion wrecked a Kroger grocery store here.

Those injured were Walter Wingert, butcher; Hugh Stinson, clerk, and Albert Harlow, manager of the store.

According to police the man is alleged to have said to the woman, "If you don't give me the money, I'll bump you off like I did that neighborhood."

The building was wrecked and fire which followed completed the destruction.

The blast occurred when Wingert walked to the gas stove and opened the door. A faulty gas main was held responsible.

## CHARGES OF TAKING BRIBE REFERRED TO GOVERNOR COOPER

Official Accused Of Accepting Money From Dry Agent

COLUMBUS, O., March 23.—Removal proceedings will be instituted against Mayor P. J. Groh of Dover who is charged with accepting a bribe from a state prohibition agent, State Prohibition Commissioner Rupert R. Beetham announced today.

"I will present the charges to Governor Cooper some time today, and Mayor Groh will be formally charged as soon as the governor has reviewed the case," Beetham said.

Groh is accused of accepting a bribe from Prohibition Agent Edward Little who posed as a bootlegger and sought "protection."

"This is only the beginning," Beetham said. "Crooked officials are the biggest handicap of prohibition enforcement. I would rather catch one crooked official than 100 bootleggers," he reiterated.

It was expected the governor would hear the charges this afternoon. Groh will be formally charged before nightfall, Beetham predicted.

DOVER, March 23.—The removal of Mayor P. J. Groh by Governor Myers Y. Cooper was sought today, following Groh's arrest on a charge of accepting a bribe.

Groh, arraigned in the parlor of the Tuscarawas County jail before Eli N. Fair, justice of the peace, entered a plea of not guilty. He was released under \$10,000 bond.

The bribery charge was preferred by Edward Little, state prohibition agent, who said he gave the mayor \$50 in marked bills for "permission to run a truck load of liquor" through Dover with assurance that it would be unmonitored.

Little has been here a month, posing as a carpet sweeper salesman with a sideline of rum running. Little charged that Mayor Groh also accepted a pint of liquor from him, and indicated that conspiracy and Volstead law violations charges might be filed against the Dover executive.

Sam K. Beetham, acting deputy prohibition commissioner, announced that his father, Rupert R. Beetham, state prohibition director would file charges with Gov. Cooper, asking Mayor Groh's removal, if the mayor failed to resign.

Groh has engaged Russell C. Bowers to represent him. He said he had given no consideration to the proposal that he resign.

Mayor Groh is serving his second term. His novel methods of handling habitual drinkers has won him a great deal of publicity recently.

First he applied a scale of rapidly increasing fines for repeated offenses and then he put drinkers on a water diet.

Prohibition Director Beetham said the case against Groh was the opening of a state campaign to clean-up law enforcement conditions.

"Crooked officials are worse than out-and-out law violators," he said. "If we can halt public grafting, we will do much toward bringing about enforcement of the prohibition law."

The white-haired "father of victory" replied in friendly terms to the premier's invitation to attend the funeral for Foch.

The body of Marshal Foch lay in state at his home at the Rub De Grenelle again today while final details were being completed for the greatest funeral ever accorded a hero of France.

The public will be permitted to view the casket again today for seven hours, according to an announcement this morning, due to the failure of thousands of persons who desired to pay a last tribute to the warrior to gain admission to the home yesterday.

The municipal council of Paris has planned to name a street after Foch.

The body will be removed from the Foch home to the Arc De Triomphe early Sunday so that, when Paris awakes, the famous marshal will be at rest beside the body of the unknown soldier. The body will remain there until Monday.

The woman was murdered several weeks ago. She had been shot to death, then oil was poured over her body and ignited.

Elizabeth, N. J., police asked local officers to attempt to trace the purchaser of the pair of shoes worn by the murder victim, a middle-aged woman.

The shoes, taken from the partly charred body of the woman, were bought here on February 29, 1928, and were traced to Tiffin by means of the serial number.

Members of the commission said President Hoover will be told the reason for the popularity of the Calles regime in Mexico is that it cannot remain in power except by the support of the United States.

"We will present to Washington the true aims of the revolution," Uraga said. "It is our aim to eliminate factional favoritism and unite the people of Mexico into one family."

Previous to announcement of the commission, General Escobar had a conference with F. S. Brooks, a Rock Island Railroad official who said he was a personal friend of President Hoover. Brooks said he served eighteen months with Hoover in food administration during the war.

"Americans of the middle west are in sympathy with your cause," Brooks told General Escobar.

President Hoover is a man who will study both sides of a question before making a decision. I am sure he will study the Mexican revolt, listen to the sentiment of the people of the United States and act fairly and justly."

"There is anything to this story, we certainly should hear about it," Graven said. "If the matter is to be hidden from officials, I believe a grand jury inquiry ought to be considered."

Marshal Roy Horst, uncle of the missing boy, was under orders to arrest anyone suspected of tampering with witnesses who testified in the Arnold trial.

Prosecutor Graven announced that he would confer with Judge Stern today on the advisability of calling a special grand jury to delve into claims of unofficial investigation.

"The Arnold case will not be settled until Monday when Judge

Stern rules on a motion for new trials. Until then, Graven said, any advances made to the witness by outsiders will be looked upon with suspicion.

## FIVE NEGRO SCHOOL CHILDREN DIE WHEN BUILDING WRECKED

Strikes Alabama And Georgia; Flood Adds Its Menace

Flood waters from the Mississippi River and some of its tributaries harried residents of bottom lands today in the middle west and other thousands in the south dug away wreckage after a tornado twisted from Alabama into Georgia, killing at least seven persons and leaving a trail of desolation.

The southern storm, preceded by drenching rains, dipped to earth at widely separated points in Alabama and Georgia. Damage was heavy in the two states but had not been estimated today.

Five Negro school children were killed at Merrellton, Ala., when the tornado struck a church being used as a class room and wrecked it.

One of those killed, John Henry Lee, was blown a half mile.

At Maxwellton, Ala., a few miles from Merrellton, several houses were razed as the storm dipped.

The tornado sped in a northwesterly direction and next struck at Ostanula, Ga., injuring five persons and demolishing five houses. A school building, crowded with children, was flipped from its foundations and turned around but none of the pupils were injured.

At Wilson, N. C., farm buildings were razed and trees

Official Accused Of Accepting Money From Dry Agent

COLUMBUS, O., March 23.—Removal proceedings will be instituted against Mayor P. J. Groh of Dover who is charged with accepting a bribe from a state prohibition agent, State Prohibition Commissioner Rupert R. Beetham announced today.

At Wilson, N. C., farm buildings were razed and trees uprooted.

One death was caused by lightning at Alpharetta, Ga., a bolt struck the home of Claude A. Allen, demolishing the house and killing him.

At Quincy, Ill., the Mississippi River continued to pour through two large levee breaks, inundating more than 20,000 acres of rich bottomland. No lives have been reported lost as residents were warned in ample time to vacate the flooded areas. Another break in the Mississippi system of levees came at Keithsburg, Ill., 10 miles north of Rock Island. Twelve hundred acres of land and ten homes were overflowed, the residents escaping with their belongings.

Around Quincy where the levees broke yesterday and the day before, refugees were encamped in the hills, treasuring a few precious belongings saved in a hasty retreat when warning came the dikes had crumbled.

More Indictments May Follow Latest Information

WOOSTER, March 23.—Advocate of calling a special session of the grand jury to consider new evidence in the Melvin Horst case was discussed today by Prosecutor Marion Graven and Common Pleas Judge George A. Stark.

Other members of the commission were Ignacio Moran, financial agent of the revolution in the United States, former secretary of agriculture under Carranza and consul general to Honduras; Judge Francisco J. Santa Maria, a leader in the Gomez revolt and once secretary of the state of Tabasco; and Juan Manuel Alvarez Del Castillo, former political leader whose party had a majority in congress.

It was estimated that more than 20,000 persons paid tribute to the dead marshal yesterday, including statemen, war veterans, shop girls, laborers and a few children.

Tony died slowly before the bier—renewing the pious pilgrimage which had started the night before—and many of them made the mark of the cross with holy water on the draped casket.

# “Big City” Shopping Trips Are Out Of Date!

By Purl E. Cox

Back in the days of copper tipped shoes, a “big city” shopping trip was necessary if a Woman was to have any dresses at all, at least any fashionable ones. To-day, “best dresses” and “parlors” are completely out of style. You must be appropriately clad from morning until night. This means more frequent buying, and well dressed women know their home-town stores carry just as good styles as the larger cities.

## *Home Town Stores Help You to Keep Well Dressed all the Time*

Shopping trips to a larger city are both tiresome, and unnecessarily expensive. A judicious study of fashion magazines and a careful watch of the resources of your home town stores, will keep you well dressed all the time. You will find the same styles, in our stores here in Xenia, that smart New Yorkers wear. Women who know, say they cannot do better in New York.

## *Often You’re Too Tired To Know What You Want.*

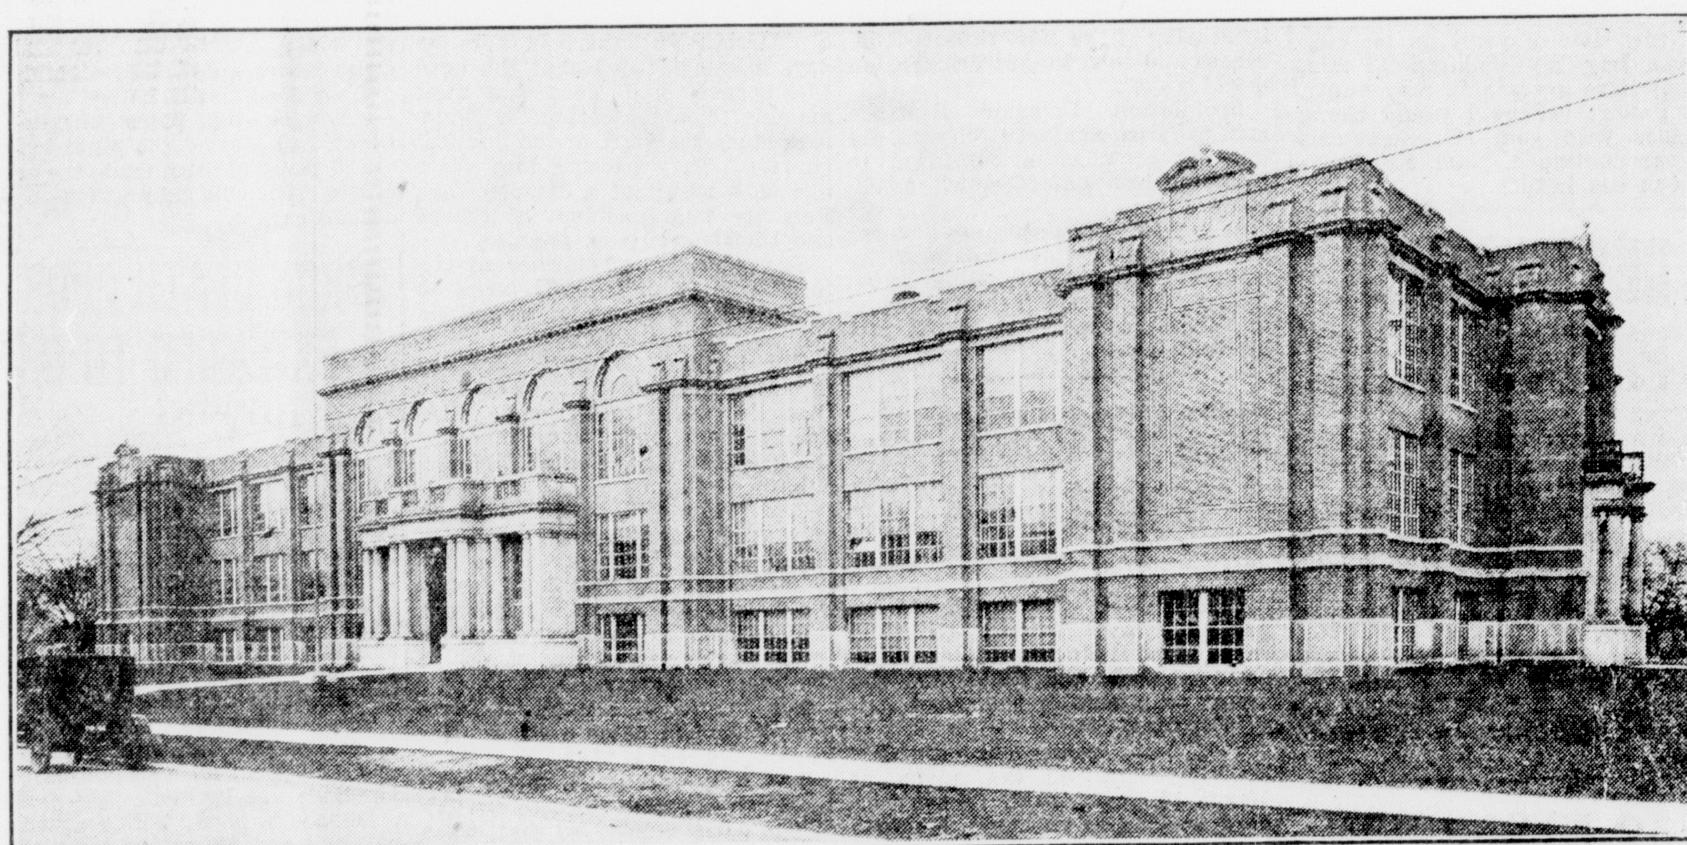

Shopping away from home often results in unwise selections, because women are often too tired to know what they want. If you should make a mistake in your selection, another long trip is required to have it rectified. Errors are easily adjusted when you shop at home. Consider the trouble of catching trains, the difficulty of parking, if you travel by car—then ask yourself—is it really worth the bother?

Central High School was built in 1921 at a cost of \$350,000, equipped with permanent fixtures costing \$25,400, on a site valued at \$15,000. To this cost add the value of books, maps and much school equipment, and you will have an idea of the amount this community has invested in this modern, beautiful and extensive educational plant.

Central High School

The Prosperity of this community, through the business which goes on here, has made the investment of large sums of money in public improvements possible. In the past ten years 673 boys and girls have been graduated from Central and 153 from East High School. This group has been available for ser-

vice in the community. If they can find places in the business or other activities of Xenia, they remain here. If not, other communities gain by their addition. In the loss of these trained citizens the community loses a valuable progressive group. Only business and activity in this community will retain them for Xenia.

At the same time, East High School was built and equipped at a cost of approximately \$210,000. These schools were added to the four grade schools already existing: Spring Hill, Orient Hill, McKinley and Lincoln. More than a million dollars would be required to purchase the sites and duplicate the structures now used in the education of the boys and girls of Xenia.

# “Big City” Shopping Trips Are Out Of Date!

By Purl E. Cox

Back in the days of copper tipped shoes, a “big city” shopping trip was necessary if a Woman was to have any dresses at all, at least any fashionable ones. To-day, “best dresses” and “parlors” are completely out of style. You must be appropriately clad from morning until night. This means more frequent buying, and well dressed women know their home-town stores carry just as good styles as the larger cities.

## *Home Town Stores Help You to Keep Well Dressed all the Time*

Shopping trips to a larger city are both tiresome, and unnecessarily expensive. A judicious study of fashion magazines and a careful watch of the resources of your home town stores, will keep you well dressed all the time. You will find the same styles, in our stores here in Xenia, that smart New Yorkers wear. Women who know, say they cannot do better in New York.

## *Often You’re Too Tired To Know What You Want.*

WISE RESOLUTIONS—Let us search and try our ways, and turn again to the Lord. Let us life up our heart with our hands unto God in the heavens—Lamentations 3:40, 41.

## WHY NAVIES ARE BEING BUILT

"We loudly proclaimed that war between the United States and ourselves was unthinkable," says Viscount Cecil, speaking of the Geneva naval parley, "yet the whole discussion was carried on by both sides upon the basis that such a war might take place."

That comes uncomfortably close to the truth. When it is used in that connection "unthinkable" should not be taken too literally. We say that it is unthinkable that a son should strike his father; that brother should be arrayed against brother in a domestic war. Yet sons do fly into a rage and strike their sires; and both the United States and Great Britain have experienced civil wars. Only in the sense in which internece wars are unthinkable is war between the two great English-speaking nations unthinkable. We should do better to drop this exaggeration and say that such a war would be devastating and deplorable; that it would be an act of that madness which the gods send upon those whom they would destroy.

Although a conflict between Great Britain and the United States is not unthinkable, in a strict sense of the word, a pre-dication of their naval programs on such a conflict, except as a remote possibility, would constitute a dangerous departure from their claims and professions. Great Britain has always justified its naval supremacy as necessary to prevent it from being starved out in war, as well as to enable it to perform its self-appointed task of policing the high seas in time of peace.

The United States cannot be starved out; but it has shores to defend against aggression and considerable police work to do in this hemisphere, as well as a tremendous seaborne trade to safeguard against belligerents who pay scant attention in war to those neutral rights that they are ready to admit are sound, as long as their own interests are not involved.

The reasons why Great Britain and the United States must have adequate navies, as will be noted, are not associated with any intention of aggression by one nation against the other. This should be borne in mind by those in both countries who talk peace, as well as by those who find it fashionable, at the moment, to talk about the possibility of war.

Chief Justice Taft has sent a suit of his old clothes to help a needy farmer out west. If that's one of the suits Taft wore when he was president, and if it fits the man he sent it to, well, the poor fellow's not starving anyway.

## COMPETITION

Competition is more than the life of trade. It is the trade of life. With all the talk of the modern day about co-operation, it is a highly competitive world. But the weapons of conflict have changed. Brain competition has made way for brain competition. To meet the conditions of this competitive world young men must give more time and attention to their mental equipment than ever before in the history of mankind. The prizes are still to the swift—but it's the swift of mind.

LINKIN' PEOPLE  
The failure of many public speakers does not lie in their lack of information about their subject or their lack of words. It lies rather in the fact that they do not like people. They do not have a warm and friendly feeling for the folks in the audience. Without this feeling neither their personality nor their message will take hold.

The late Senator Albert J. Beveridge, who wrote one of the best little books on the subject that was ever written called "The Art of Public Speaking," tells about all there is to be told when he concludes thus: "Speak to your audience in a natural and friendly manner."

ALL KINDS OF SELFISHNESS  
There is more to selfishness than merely keeping things for yourself and refusing to give much away. Selfishness is withholding any kindness or courtesy that might make another even momentarily happy. Selfishness is failing to take care to perform some little act that would smooth the way for another. The man who gives away money generously may yet be selfish. No matter how much he gives away if he persists in doing things to the distress of someone who is near and dear to him. He is yet miserably selfish!

BIRDS  
It is said that a bird in the hand is worth two in the bush but if you are forever afraid to let go the bird in the hand to take a chance at dashing into the bush, when it looks like a good chance, you will probably never be good for anything more than a bird perch.

JUDGMENTS  
If no judgments were made until all the evidence was in, most judgments would be soft and kind instead of hard and severe.

Elected to congress in 1907, from the first Oregon district, he has been returned each term since.

Whether the type of veil or hat chosen for the wedding costume, it can be worn to good advantage only over freshly-washed and shining hair. The pure, transparent quality of white tulle or lace is especially trying to any but soft, healthy, vibrant hair. Oil treatments and shampoo, a water wave, rather than a wave with a too hot iron, should precede the hair dressing of the bridal coiffure.

As for the bridal make-up, it should be soft and delicate, natural in its effect, never bright or artificial. Many a bride prefers not to wear rouge or lipstick or any eye make-up, only a trace of powder over her own lovely skin.

But the majority of brides prefer the natural tone for nearly every type. She will blend it in delicately, leaving no trace of "border-line" color upon her cheeks, and dust over it and over her neck the shade of powder that matches her skin.

The powder chosen for the wedding make-up should be conservative in tone, neutral, rather than dark and striking. A soft touch of the cream rouge on her lips, and the faintest trace of cream eye shadow, in the color of her eyes, on her eyelids, will complete her make-up. Unless her lashes and brows are very light she does not use mascara, but brushes them with a tiny brush and eyelash cream until they are smoothly dark and silky.

For the bride with classic features or an oval, "Madonna-like" face, the severely simple, nun-like coif is usually becoming. With this headress the hair may not show at all, or, if preferred, it may appear in a flat, soft, shiny tail at either side.

## JIMMY M'LARNIN BEATS MILLER IN LISTLESS BATTLE

Crowd Disappointed By Weary Bout In New York

NEW YORK, March 23.—The count between Jimmy McLarnin and Ray Miller was even today.

Before the largest crowd that ever witnessed a fight at Madison Square Garden, McLarnin last night thoroughly trounced the Chicago cartoonist in a dreary, disappointing ten-round bout. His victory atoned for the technical knockout he suffered at the hands of the pasty-faced Miller in Detroit, November 30.

A crowd of nearly 25,000 persons paid \$11,855.83 to witness the bout. Instead of cheering a knock-out victor as most had expected to do, they booted ten rounds of listless holding and ineffective punching and accorded McLarnin a spiritless cheer when the verdict was announced.

McLarnin's famous right and the three to one odds which favored the baby faced westerner evidently impressed Miller mightily, for it was he who dove into clinches and hung on time after time, checking all attempts of the eager Jimmy to open up and fight it out.

It was McLarnin who forced the fighting from the start, following Miller about the ring as the latter continued to back-pedal. Miller's taut left hook which he used to open a cut beneath Jimmy's right eye and pave the way for his Detroit victory was never in evidence.

## IRON LANTERN SHOP CLOSED FRIDAY BY CREDITORS' SUITS

The Iron Lantern Coffee Shop, of which John Thomas Sutton is proprietor, which opened about three months ago in the basement of the Messenger Bldg., Detroit and Second Sts., was closed by a constable Friday afternoon as a result of attachment actions brought in the courts of J. F. MacEwan and R. O. Copsey, Xenia Twp. Justices of the peace.

The writs filed in the court of Magistrate MacEwan were by Mrs. Winifred B. Mason, alleging \$200 due for services rendered; by the Misses Margaret Jane Evans and Marion Chaney for \$21 and \$28, respectively, and by Mrs. Trinnell-Jordan for \$39, for work performed while employed at the coffee shop.

A fifth attachment writ was filed in the court of Magistrate Copsey for \$104 by George Graham, doing business as the Aldine Publishing Co.

In Common Pleas Court Sutton was also named defendant in a suit for \$517.73 filed Friday by Fred F. Graham, doing business as the Fred F. Graham Co., for work performed and materials furnished. Attorney F. L. Johnson represents the plaintiff.

The assets of the business are estimated at between \$400 and \$500, according to an inventory and appraisal conducted by L. M. Morton and Louise Cunningham.

## WILL HEAR MOTION

Common Pleas Judge R. L. Gowdy is expected to go to Washington C. H. next Saturday and preside on the Fayette County bench to hear arguments on a motion filed in that court Friday by Attorneys Henry A. Williams of Columbus and A. C. Parton, Washington C. H., for a third trial in the case of the state of Ohio against Fred C. Joyce, Columbus, twice convicted of perjury in the Homer Hutson case in litigation there.

# Buccaneer Court Squad Honored At Banquet

## COACH LANGE PRAISES CENTRAL HIGH TEAM; CUPS PRESENTED

Business Men Give Coach Wilson Bag; Champions Of Miami Valley League In Basketball Presented To 100 Guests.

By PHIL FRAME

William F. Lange, athletic director at Muskingum College, was the principal speaker at the annual "testimonial banquet," a stag affair, given by the Xenia Central High School athletic council in honor of the "Buccaneer" basketball squad, Miami Valley League champs, in the school cafeteria Friday night. Covers were laid for nearly 100 guests, including many business and professional men of the city.

Coach Lange gave a sales talk on athletics after congratulating the team on its success and the business men on their fine support of the Bucs.

"I'm sold on athletics and I sincerely believe that more good comes from sports than any other phase of education in schools today," he declared.

"From the physical side alone athletics are good for you."

In the course of his talk, Coach Lange traced the origin and history of basketball and football and also explained the reason for the fact schools like the University of Cincinnati have been coming along so slowly in football. This school has long believed in exercises, that he teaches sportsmanship that will be useful in later years.

"He teaches his players to take a licking with a grin but to profit by their mistakes and also not to take victory with undue pride. Among the things he teaches teamwork is also highly important."

In presenting the traveling bag, Attorney Smith declared that "we give you this note to leave us but to come back to us."

Coach Wilson also gave a brief talk in which he said that "when it becomes my turn to move on it is going to be a hard job." He complimented Xenia fans for their fine support of the high school teams, not only when they were winning but when they were losing. He also introduced members of the basketball squad and Coach Lange, his coach at Muskingum, who is an opposing player snatched up a fumble and ran ninety-eight yards for the winning touchdown.

F. R. Woodruff, principal of the high school, presided.

A two-course dinner was served and music was furnished by a colored orchestra that made itself heard during the evening.

## XENIAN HURT WHEN AUTO OVERTURNS

C. A. Harner, Cincinnati Ave., sustained a cut on the head that required two stitches to close but his wife, Mrs. Virginia Harner, escaped unharmed when their sedan skidded on a highway made slippery by rain and overturned near the outskirts of London, O., at 11:30 p. m. Friday.

Mr. and Mrs. Harner had motored to Columbus, O., and were returning to Xenia when the accident occurred. The mishap took place during a driving rain and the machine skidded and upset when Harner applied the brakes.

Harner visited a London physician and had the cut dressed. Aside from bent fenders and bent running board, the car was not damaged.

## SUES RAILROAD FOR \$15,400 DAMAGES

Approximately 200 of the star pupils of Greene County high schools competed Saturday morning in the first round of the first annual state-wide high school scholarship "tournament."

Winners of first and second places in each of the subjects covered by the contest will go to Miami University, Oxford, O., next Saturday morning at 10 o'clock to compete in the district contest which will draw entries from sixteen counties.

County Superintendent H. C. Aultman had charge of the contest for Greene County schools, held at Xenia Central High School.

Purpose of the contest is to stimulate interest in scholarship in the high schools of Ohio and to determine the best minds in the high schools of the state. On the basis of examinations in twelve standard high school subjects, six two-year and twenty-four one-year college scholarships will be awarded to the winners in the final contest at Columbus.

The five state-supported universities and normal schools in the state will be hosts at the district contests March 30. The finals are to be held Saturday, April 6, as a feature of the last day's program of the ninth annual Ohio Educational Conference at Columbus.

Subjects included in the contest cover all four grades of high school work. A school was permitted to enter its two best pupils in each subject. The subjects included in the contest are English I, II, III and IV, algebra I, plain geometry, biology, Latin I and II, civics, American history and French I.

Cedarville College is also donating two scholarships to be awarded to seniors making the highest grades in English and in Latin in the Greene County contest.

Following are the students who finished first and second in the Greene County contest:

Plain Geometry  
First—Merton Leinberger, Central; second—Betty Bearfie Pyles, Ross; Frances Morgan, Yellow Springs.

Algebra I  
First—Katherine Chew, Central; second—Walter Linton, Caesar; third—Elaine Knoop, Spring Valley.

Biology  
First—David Telfair, Jefferson Twp.; second—Harvey Lee Huff, Spring Valley.

Latin I  
First—Andrew Frazer, Central; second—Anetta Price, Central.

Latin II  
First—Betty Lorimer, Central; second—Helen Fletcher, Ross.

Civics  
First—Berne Elias, Cedarville; second—Carl Sesslar, Jamestown.

History

## IRONTON WOMAN IS APPOINTED SOCIAL WORK SECRETARY HERE

Miss Emma Lyons, Ironton, O., a Red Cross and social worker, has been employed as executive secretary of the merged Greene County Chapter Red Cross and the Social Service League.

Acting jointly, the executive boards of the two welfare organizations made the appointment at a special meeting Friday afternoon at City Hall, thus settling a question that has been the subject of much debate for several months.

The appointment was made on the recommendation of a joint committee of the two organizations headed by W. W. Galloway, as chairman.

Miss Lyons hopes to take up her duties here about April 1 but not later than April 15, it is announced.

Miss Lyons has had nurse training and she also taught dietetics to nurses in training at an Ironton hospital. She was on duty in that city for four years as secretary of the Red Cross and at the same time had charge of the city social service work.

Later she was transferred to Cambridge, O., and was located there for four years as Red Cross secretary and in charge of social work throughout the county. This work also involved co-operation with the Probate Court and county health authorities.

In 1924 Miss Lyons was transferred to Key West, Fla., on an assignment by national Red Cross headquarters and while there also performed relief work during the 1926 tornado disaster, being in charge of all the social work in Key West. She was granted a leave of absence last year by national headquarters and returned to Ohio.

The merged welfare organization is consolidating itself on obtaining the services of an experienced worker who has been highly recommended and highly successful everywhere that she has been employed.

The welfare association received recommendations for her from Mrs. Lois Olcott, this city, state and national Red Cross headquarters; from the Rev. Charles P. Proudfit, Cambridge, O., former pastor of the Second U. P. Church here; from Prof. Hugh Hick, city school superintendent at Cambridge and from many other sources.

The newly-merged Red Cross and Social Service League will be known as the "American Red Cross and Social Service League."

## Bowling

One more victory in its nine remaining games and the champion Greene County Lumber Co. bowling team will have clinched the championship of the Recreation Bowling League for the second consecutive season. The league leaders have a nine-game lead and nine more games to play.

According to the schedule announced for next week, the Red Wings and Lang Chevrolet Co. will meet Monday night, the Gr. Co. Co. and Lang Transfers, Tuesday night, and McDowell-Torrence and the Bulcks Thursday night. League standing follows:

Team Won Lost Pct  
Gr. Co. Co. 58 23 .716  
Red Wing Co. 49 32 .604  
Bulcks 48 33 .592  
Lang Chevrolet 32 49 .393  
Lang Transfers 31 50 .382  
M. and T. L. Co. 25 56 .308

Following is a list of the ten high average bowlers in the league:

Alleging personal injuries sustained when his auto was struck by the Baltimore and Ohio electric train at a crossing at Barr's Station on the Dayton-Xenia Pike last October 2, Charles Shoup, 21, Shakertown Pike, brought suit in the Montgomery County Common Pleas Court Friday against the Baltimore and Ohio Railroad demanding \$15,400 damages.

Subjects included in the contest cover all four grades of high school work. A school was permitted to enter its two best pupils in each subject. The subjects included in the contest are English I, II, III and IV, algebra I, plain geometry, biology, Latin I and II, civics, American history and French I.

Cedarville College is also donating two scholarships to be awarded to seniors making the highest grades in English and in Latin in the Greene County contest.

Following are the students who finished first and second in the Greene County contest:

Plain Geometry  
First—Merton Leinberger, Central; second—Betty Bearfie Pyles, Ross; Frances Morgan, Yellow Springs.

Algebra I  
First—Katherine Chew, Central; second—Walter Linton, Caesar; third—Elaine Knoop, Spring Valley.

Biology  
First—David Telfair, Jefferson Twp.; second—Harvey Lee Huff, Spring Valley.

Latin I  
First—Andrew Frazer, Central; second—Anetta Price, Central.

Latin II  
First—Betty Lorimer, Central; second—Helen Fletcher, Ross.

Civics  
First—Berne Elias, Cedarville; second—Carl Sesslar, Jamestown.

History  
First—Lamar Bennett, eentral; second—Betty Kingsbury, Central.

French  
First—Lelia M. Thuma, James town; second—Ruth Love, Central.

American Literature  
First—Marion Hostetter, Cedarville; second—Ruth West, Cedarville.

English Literature  
First—Alfred Williams, Yellow Springs; second—Betty Moorman, Jamestown.

English I  
First—Carma Hostetter, Cedarville; second—Eileen Sayre, Central.

English II  
First—Jane West, Cedarville; second—Evangeline Argerion, Central.

I have seen many cases of batters swinging out of turn, but this mixup was in a case by itself. The umpire in charge made the base runner come in to bat and permitted his team to put a pinch runner on the sack.

The fall draft just up and blew Marvin Gudat right out of the Houston farm of the St. Louis Cardinals into the camp of the Cincinnati Reds, so this left-handed pitcher is trying now to win a berth with the latter club instead of the St. Louis team.

**JIMMY M'LARNIN**  
BEATS MILLER IN  
LISTLESS BATTLE

Crowd Disappointed By  
Weary Bout In New  
York

NEW YORK, March 23.—The count between Jimmy McLarnin and Ray Miller was even today.

Before the largest crowd that ever witnessed a fight at Madison Square Garden, McLarnin last night thoroughly trounced the Chicago cartoonist in a dreary, disappointing ten-round bout. His victory atoned for the technical knockout he suffered at the hands of the pasty-faced Miller in Detroit, November 30.

A crowd of nearly 25,000 persons paid \$111,855.83 to witness the bout. Instead of cheering a knock-out victor as most had expected to do, they booted ten rounds of listless holding and ineffective punching and accorded McLarnin a spiritless cheer when the verdict was announced.

McLarnin's famous right and the three to one odds which favored the baby faced westerner evidently impressed Miller mightily, for it was he who dove into clinches and hung on time after time, checking all attempts of the eager Jimmy to open up and fight it out.

It was McLarnin who forced the fighting from the start, following Miller about the ring as the latter continued to back-pedal. Miller's touted left hook which he used to open a cut beneath Jimmy's right eye and pave the way for his Detroit victory was never in evidence.

## IRON LANTERN SHOP CLOSED FRIDAY BY CREDITORS' SUITS

The Iron Lantern Coffee Shop, of which Thomas Sutton is proprietor, which opened about three months ago in the basement of the Messenger Bldg., Detroit and Second Sts., was closed by a constable Friday afternoon as a result of attachment actions brought in the courts of J. F. MacEwan and R. O. Copsey, Xenia Twp. Justices of the peace.

The writs filed in the court of Magistrate MacEwan were for \$200. Winifred B. Mason, all owing \$200 due for services rendered; by the Misses Margaret Jane Evans and Marion Chaney for \$21 and \$28, respectively; and by Mrs. Trinn Jordan for \$39, for work performed while employed at the coffee shop.

A fifth attachment writ was filed in the court of Magistrate Copsey for \$104 by George Graham, doing business as the Aldine Publishing Co.

In Common Pleas Court Sutton was also named defendant in a suit for \$15,73 filed Friday by Fred F. Graham, doing business as the Fred F. Graham Co., for work performed and materials furnished. Attorney F. L. Johnson represents the plaintiff.

The assets of the business are estimated at between \$400 and \$500, according to an inventory and appraisal conducted by L. M. Morton and Louise Cunningham.

## WILL HEAR MOTION

Common Pleas Judge R. L. Gowdy is expected to go to Washington C. H. next Saturday and preside on the Fayette County bench to hear arguments on a motion filed in that court Friday by Attorneys Henry A. Williams of Columbus and A. C. Patton, Washington C. H., for a third trial in the case of the state of Ohio against Fred C. Joyce, Columbus, twice convicted of perjury in the Homer Hutson case in litigation there.

**BOOTLEGERS AID CITY**  
REVERE, Mass., March 23.—Bootleggers unwittingly contributed to civic uplift here. Confiscated stills were sold by the police for \$23, and of this sum \$200 was spent for an electric sign bearing the admonition, "Build up Revere."

# Buccaneer Court Squad Honored At Banquet

## COACH LANGE PRAISES CENTRAL HIGH TEAM; CUPS PRESENTED

Business Men Give Coach Wilson Bag; Champions Of Miami Valley League In Basketball Presented To 100 Guests.

By PHIL FRAME

William F. Lange, athletic director at Muskingum College, was the principal speaker at the annual "testimonial banquet," a stag affair, given by the Xenia Central High School athletic council in honor of the "Buccaneer" basketball squad, Miami Valley League champs, in the school cafeteria Friday night. Covers were laid for nearly 100 guests, including many business and professional men of the city.

Coach Lange gave a sales talk on athletics after congratulating the team on its success and the business men on their fine support of the Bucs.

"I'm sold on athletics and I sincerely believe that more good comes from sports than any other phase of education in schools today," he declared.

"From the physical side alone athletics are good for you."

In the course of his talk, Coach Lange traced the origin and history of basketball and football and also explained the reason for the fact schools like the University of Cincinnati have been coming along so slowly in football. This he teaches sportsmanship that will be useful in later years.

"He teaches his players to take a licking with a grin but to profit by their mistakes and also not to take victory with undue pride. Among the things he teaches teamwork is also highly important."

In presenting the traveling bag, Attorney Smith declared that "we give you this case not to leave us but to come back to us."

Coach Wilson also gave a brief talk in which he said that "when it becomes my turn to move on it is going to be a hard job." He complimented Xenia fans for their fine support of the high school teams, not only when they were winning but when they were losing. He also introduced members of the basketball squad and Coach Lange, his coach at Muskingum, declaring that "anything I have learned about basketball, I football I owe to him."

F. R. Woodruff, principal of the high school, presided.

A two-course dinner was served and music was furnished by a colored orchestra that made itself heard during the evening.

## CENTRAL STUDENTS AMONG LEADERS IN ACADEMIC TOURNEY

Approximately 200 of the star pupils of Greene County high schools competed Saturday morning in the first round of the first annual state-wide high school scholarship "tournament."

Winners of first and second places in each of the subjects covered by the contest will go to Miami University, Oxford, O., next Saturday morning at 10 o'clock to compete in the district contest which will draw entries from sixteen counties.

County Superintendent H. C. Aultman had charge of the contest for Greene County schools, held at Xenia Central High School.

Purpose of the contest is to stimulate interest in scholarship in the high schools of Ohio and to determine the best minds in the high schools of the state. On the basis of examinations in twelve standard high school subjects six two-year and twenty-four one-year college scholarships will be awarded to the winners in the final contest at Columbus.

The five state-supported universities and normal schools in the state will be hosts at the district contests March 30. The finals are to be held Saturday, April 6, as a feature of the last day's program of the ninth annual Ohio Educational Conference at Columbus.

Subjects included in the contest cover all four grades of high school work. A school was permitted to enter its two best pupils in each subject. The subjects included in the contest are English I, II, III and IV, algebra I, plain geometry, biology, Latin I and II, civics, American history and French I.

Cedarville College is also donating two scholarships to be awarded to seniors making the highest grades in English and in Latin in the Greene County contest.

## IRONTON WOMAN IS APPOINTED SOCIAL WORK SECRETARY HERE

Miss Emma Lyons, Ironton, O., a Red Cross and social worker, has been employed as executive secretary of the merged Greene County Chapter Red Cross and the Social Service League.

Acting jointly, the executive boards of the two welfare organizations made the appointment at a special meeting Friday afternoon at City Hall, thus settling a question that has been the subject of much debate for several months. The appointment was made on the recommendation of a joint

committee of the two organizations headed by W. W. Galloway, as chairman.

Miss Lyons hopes to take up her duties here about April 1 but not later than April 15, it is announced.

Miss Lyons had had nurse training and she also taught dietetics to nurses in training at an Ironton hospital. She was on duty in that city for four years as secretary of the Red Cross and at the same time had charge of the city social service work.

Later she was transferred to Cambridge, O., and was located there for four years as Red Cross secretary and in charge of social work throughout the county. This work also involved co-operation with the Probate Court and county health authorities.

In 1924 Miss Lyons was transferred to Key West, Fla., on an assignment by national Red Cross headquarters and while there also performed relief work during the 1926 tornado disaster, being in charge of all the social work in Key West. She was granted a leave of absence last year by national headquarters and returned to Ohio.

The merged welfare organization is congratulating itself on obtaining the services of an experienced worker who has been highly recommended and highly successful everywhere that she has been employed.

The welfare association received recommendations for her from Mrs. Lois Olcott, this city, state and national Red Cross headquarters; from the Rev. Charles P. Proudfit, Cambridge, O., former pastor of the Second U. P. Church here; from Prof. Hugh Hick, city school superintendent at Cambridge and from many other sources.

The newly-merged Red Cross and Social Service League will be known as the "American Red Cross and Social Service League."

**XENIAN HURT WHEN  
AUTO OVERTURNS**

C. A. Harner, Cincinnati Ave., has two legs on this trophy given by the Dayton Daily News which will become the permanent possession of the school winning the basketball championship of the Miami Valley League three times. The trophy was put in circulation last season and the Buccaneers, having had it in their possession for two straight seasons, hope to win it again next year and keep it always.

Ruth Chatterton, beloved stage and screen star, took up her career of acting practically on a dare. When she was only fourteen years old and wanted to leave Mrs. Hazen's private school at Pecham Manor, her parents told her she would never succeed as an actress. They laughed and the laugh was a challenge.

Ruth Chatterton became a cockney chorus girl for her stage debut with a Washington, D. C. stock company. In the years that followed, her rise was rapid. A part in stock with a company that included Lowell Sherman, Pauline Lord and Lenore Ulric, soon replaced the chorus girl part.

Ruth Chatterton was being starred at 18. Her work with Henry Miller in "Daddy Long

Legs" and her success in "Come Out of the Kitchen," made her the star of "Moonlight and Honey-suckle," which was presented on the Pacific Coast as "The Merris Month of May." Later she was costarred with Miller in "A Marriage of Convenience."

Her other successes included "Mary Rose," "La Tendresse," "The Magnolia Lady," "Chancings," "The Little Minister," "The Man with a Load of Mischief," "The Green Hat," and "The Devil's Plum Tree."

Emil Jannings is credited with discovering Miss Chatterton's possibilities as a screen actress. It was during the run of "The Devil's Plum Tree" in Los Angeles that he saw her and suggested that she be signed for the leading feminine role in his production, "Sins of the Fathers." She quit the stage for the talkies and after working with Jannings appeared in "The Doctor's Arrest" and "The Dummy" for Paramount and "Madame X" for Metro-Goldwyn-Mayer.

Miss Chatterton is five feet, three inches tall, has blue eyes and auburn hair and calls New York her home.

## GUILD HATCHES NEW HIT; SUCCESS SITS ON AMATEUR BROWS

The Xenia Little Theater Guild gave a toast "To the Ladies," and incidentally made a distinctly good go of its venture into the field of comedy. In its second offering of the current season, a closed performance to Guild members only at City Hall Theater Friday night.

It seems that once upon a time a fellow snatched up a pencil, seized a piece of paper and dashed off the following thought for today: "Words are Women—Deeds are Men." Messrs. George S. Kaufman and Marc Connally probably thought this was a catty crack and that the ladies were being given a pushing around for they collaborated "in writing the diverting three-act comedy, "To the Ladies," dedicated a la H. C. Witwer, to the "speaker sex."

What we are driving at is that "To the Ladies" a "tense drama" of modern business methods goes on to show that many a man has been snatched from "Who's Through," and put in "Who's Who" through his wife taking charge of his affairs at the critical moment.

The latest Guild presentation was in sharp contrast to the preceding play, "Craig's Wife," given a few weeks ago. The first production featured the domineering type of woman. This one, however, indicates that no matter how annoying it may be the fair sex is more often than not the power behind the throne in business affairs.

After seeing that comedy one came away a little dizzy with the royal good humor and the don't-care-if-I-do spirit of it all.

While giving a toast "To the Ladies" in general, one is coming to Miss Helen Hurley in particular. As "Elsie Beebe," in the leading feminine role, Miss Hurley had every opportunity to display her pronounced abilities and her every movement was tinctured with the air of professionalism.

In fact rare judgment was shown in selecting the cast—quite in keeping with the reputation of Miss Esther Muriel Smith, who directed the show. The result is a really worth-while show.

The play also introduced some other old favorites and some that were new to Xenians.

Harry E. Kiernan as "John Kincaid" and John Wood as "Leonard Beebe," husband of "Elsie Beebe," had parts in some respects similar. Both gave excellent interpretations of their roles as husbands who could not get along without the help of their wives in business, and for that matter in everyday life.

Mrs. Ray Cox as "Mrs. Kincaid" was uncommonly good. In fact, these four stole the show, while John Sutton in another prominent part as "Chester Mullin," contributed a good share to the entertainment.

Other members of the cast had minor parts but did justice to the roles assigned them.

One of the funniest scenes in the entire production was a banquet scene in the second act at which you are among those present at the annual dinner of the John Kincaid's Sons at the Hotel Commodore, N. Y. in the interest of the piano industry.

We still have a stitch in our side sitting back and laughing at it. Charles Bone was a speaker and Harry D. Smith presided as toastmaster. Harry Higgins as a politician and an honored guest gave a side-splitting address, turning it from remarks about pianos to a political talk. Then it seems that "Leonard Beebe," a struggling clerk in the firm seeking promotion, and Marcus McCallister, as "Tom Baker," another young clerk, both trying for a better position, had both prepared the same speech, one of those kind that are obtained from books on 500 speeches for every occasion."

"Tom" was called upon first putting "Beebe" in a hole, but Miss Hurley as his wife, saved the day by giving a talk herself, excusing her husband, whom she said, had prepared the one she gave, but had throat trouble and could not talk. In the last act it came out who was responsible for the talk which earned "Beebe" the desired promotion but "Mrs. Beebe" saved her husband's job for him through her knowledge that his employer consulted his wife before making any business decisions.

Others who had lesser parts in the play were: Archie Maxwell as a truckman; George Swartz, another truckman; Kathryn Flitz, a stenographer; Isadore Hyman as a barber and Arthur Hyman as a bootblack. Guests at the banquet were Misses Josephine Wolf and Edna Daffey, Mrs. Myrtle Josephine Poague and Fred Flynn. Scenery and properties were under the supervision of Isadore Hyman and George Swartz.

A trio from the Xenia Woman's Music Club contributed music. The trio was composed of Mrs. Louis Hammel, violinist; and Miss Lois Street, cellist, with Mrs. Alice Ruthrauff at the piano. Miss Christine Robbins Williams gave a violin solo.

Everything taken into consideration, it showed what a strong community spirit can do in the way of providing amateur shows.—P. W. Frame.

## RUPTURE

### EXPERT HERE

E. J. Meinhardt, of Chicago, the well-known Rupture Shield Expert will personally be at the Miami Hotel, Dayton, Ohio, on Tuesday and Wednesday, March 26th and 27th, from 10:00 a. m. to 4:00 p. m.

**NOTICE:**—Only gentlemen are invited to call in this time as special arrangements will be announced later for women and children.

Mr. Meinhardt says:

"The Meinhardt Rupture Shield" will not only repair the Rupture perfectly, but it exercises and strengthens the weakened muscles—thereby contracting the opening—in 10 days in an average case, and giving instantaneous relief, notwithstanding all strain regardless of the size or location of the Rupture.

The Meinhardt Rupture Shield has no understraps. It is also perfectly sanitary and practically indestructible and can be worn while bathing.

Ruptures often cause Stomach Troubles, Backache, Constipation, Nervousness and other ailments which promptly disappear after the Rupture is properly repaired.

Please do not write asking for literature or to be fitted by mail, as this is impossible. Every case must be seen personally.

Please call this section from time to time. There is no charge for demonstration.

**SPECIAL NOTICE:**—All customers that have written here during the past five years are invited to call for inspection for which there will be no charge.

Please note the address: 1000 N. High Street, Dayton, Ohio. Business demands prevent stopping at any other city in this section. (This visit is for white people only).—E. J. Meinhardt, Home Office, 1551 N. Crawford Avenue, Chicago. —Adv.

## XENIA GIRLS PLEASE RADIO AUDIENCES

MISS HELEN FORD

These popular young ladies need no introduction locally. They have appeared in many amateur theatrical productions here, and their services have been in constant demand by clubs and organizations desiring musical diversion for their programs.

Both girls are members of the Xenia Little Theater Guild. Xenia radio fans are looking forward to listening to the "Two Helens" many times over radio in the future although it has not been decided when they will be heard again over the air.

Mr. Baker, native Xenian, has been appointed printer and instructor in printing at the Ohio Soldiers and Sailors' Orphans' Home by Col. Charles V. Burton, superintendent, succeeding McPherson Phillips, Toledo, who resigned last October.

The selection was made from year financial officer of the Ohio Soldiers' and Sailors' Orphans' Home. He studied at Lafayette-Leutheusser Press, Cincinnati. The Home weekly discontinued during the period when there was no printing instructor. He was in the Navy before the war. Previous to joining Miller in 1920 he was a member of the Goodyear advertising and publicity staff. He organized the Akron Advertising Club and served as its first president.

President William P. Pfleiffer of The Miller Company, issued this

statement: "It is with regret that we are accepting the resignation of H. R. Baker, who has been advertising manager of The Miller Rubber Co. for seven years. Mr. Baker's leaving is entirely voluntary, and in order that he may be able to accept an excellent executive position with The Gardner Advertising Co., of which he will be a vice president. We will feel Mr. Baker's loss very much and dislike to see him leave, but we cannot stand in the way of this increased opportunity which has been offered to him."

SPRAY CONTROLS DISEASE

"The control of apple scab or almost any other fruit disease depends upon timely application of spray or dust." It should be realized," said H. C. Young, chief in botany and plant pathology at the Ohio Experiment Station, in explaining this statement. ## GUILD HATCHES NEW HIT; SUCCESS SITS ON AMATEUR BROWS

The Xenia Little Theater Guild gave a toast "To the Ladies," and incidentally made a distinctly good go of its venture into the field of comedy in its second offering of the current season, a closed performance to Guild members only at City Hall Theater Friday night.

It seems that once upon a time a fellow snatched up a pencil, seized a piece of paper and dashed off the following thought for today: "Words are Women—Deeds are Men." Messrs. George S. Kaufman and Marc Connally probably thought this was a catty crack and that the ladies were being given a pushing around for they collaborated in writing the diverting three-act comedy, "To the Ladies," dedicated a la H. C. Witwer to the "speaker sex."

What we are driving at is that "To the Ladies," a tense drama of modern business methods goes on to show that many a man has been snatched from "Who's Through," and put in "Who's Who" through his wife taking charge of his affairs at the critical moment.

The latest Guild presentation was in sharp contrast to the preceding play, "Craig's Wife," given a few weeks ago. The first production featured the domineering type of woman. This one, however, indicates that no matter how annoying it may be the fair sex is more often than not the power behind the throne in business affairs.

After seeing that comedy one came away a little dizzy with the royal good humor and the don't-care-if-I-do spirit of it all.

While giving a toast "To the Ladies" in general, one is coming to Miss Helen Hurley in particular. As "Elsie Beebe" in the leading feminine role, Miss Hurley had every opportunity to display her pronounced abilities and her every movement was tinctured with the air of professionalism.

In fact rare judgment was shown in selecting the cast—quite in keeping with the reputation of Miss Esther Muriel Smith, who directed the show. The result is a really worth-while show.

The play also introduced some other old favorites and some that were new to Xenians.

Harry E. Kierman as "John Kincaid" and John Wood as "Leonard Beebe," husband of "Elsie Beebe," had parts in some respects similar. Both gave excellent interpretations of their roles as husbands who could not get along without the help of their wives in business, and for that matter in everyday life.

Mrs. Ray Cox as "Mrs. Kincaid" was uncommonly good. In fact, these four stole the show, while John Sutton in another prominent part as "Chester Mullin," contributed a good share to the entertainment.

Other members of the cast had minor parts but did justice to the roles assigned them.

One of the funniest scenes in the entire production was a banquet scene in the second act at which you are among those present at the annual dinner of the John Kincaid's Sons at the Hotel Commodore, N. Y. in the interest of the piano industry.

We still have a stitch in our side sitting back and laughing at it. Charles Bone was a speaker and Harry D. Smith presided as toastmaster. Harry Higgins as a politician and as honored guest gave a side-splitting address, turning it from remarks about pianos to a political talk. Then it seems that "Leonard Beebe," a struggling clerk in the firm seeking promotion, and Marcus McCallister, as "Tom Baker," another young clerk, both trying for a better position, had both prepared the same speech, one of these kind that are obtained from books on 500 speeches for every occasion.

"Tom" was called upon first putting "Beebe" in a hole, but Miss Hurley as his wife, saved the day by giving a talk herself, excusing her husband, whom she said, had prepared the one she gave, but had throat trouble and could not talk. In the last act it came out who was responsible for the talk which earned "Beebe" the desired promotion but "Mrs. Beebe" saved her husband's job for him through her knowledge that his employer consulted his wife before making any business decisions.

Others who had lesser parts in the play were Archie Maxwell as a truckman, George Swartz, another truckman; Kathryn Fitz, a stenographer; Isadore Hyman as a barber and Arthur Hyman as a bootblack. Guests at the banquet were Misses Josephine Woir and Edna Dailey, Mrs. Myrtle Josephine Poague and Fred Flynn. Scenery and properties were under the supervision of Isadore Hyman and George Swartz.

A trio from the Xenia Woman's Music Club contributed music. The trio was composed of Mrs. Louis Hammerle, violinist and Miss Lois Street, cellist with Mrs. Alice Rutherford at the piano. Miss Christine Robbins Williams gave a violin solo.

Everything taken into consideration, it showed what a strong community spirit can do in the way of providing amateur shows.—P. W. Franks.

RUPTURE EXPERT HERE E. J. Meinhardt, of Chicago, the well-known Rupture Shield Expert will personally be at the Miami Hotel, Dayton, Ohio, on Tuesday and Wednesday, March 26th and 27th, from 10:00 a. m. to 1:00 p. m. to call at this time as special arrangements will be announced later for women and children.

Mr. Meinhardt says: "The Meinhardt Rupture Shield will not retain the Rupture perfectly, but it exercises and strengthens the weakened muscles—thereby contracting the opening—in days on the person's body, gradually giving instantaneous relief, notwithstanding all strain regardless of the size or location of the Rupture."

The Meinhardt Rupture Shield has no understraps. It is also perfectly sanitary and practically indestructible and can be worn while bathing.

Ruptures often cause Stomach Troubles, Backache, Constipation, Nervousness and other ailments which promptly disappear after the Rupture is properly retained.

Please do not write asking for literature or to be fitted by mail, as this is impossible. Every case must be seen personally.

There is a section from time to time. There is no charge for demonstration.

SPECIAL NOTICE—All customers that are fitted here during the past five years are invited to call for inspection for which there will be no charge.
